## WELCOME

I am very excited and proud to offer you our new 2010 Residential Academy Brochure. We now offer Residential Camps, Team Training Programs, and over

100 European tour and tournament options to players, organizations and coaches nationwide. Eurotech® began as a vision to offer high quality instruction to thousands of young soccer players throughout North America; to foster within them the same energy and passion shared by those who love the world's most popular sport. Today, Eurotech® does just that. We are dedicated to creating the ultimate environment for teams and players of all ages and abilities to reach their full potential in soccer and more importantly, in life. At Eurotech®, we continue to inspire young athletes every year and plan to continue this tradition of excellence in 2010!

### ►► Why You Should Attend This Program

**First-Class Locations.** Our programs are located worldwide at only the finest facilities. These camps are held at some of the finest prep school, college and sport center campuses in the world. Exposure to a campus setting adds a wonderful cultural dimension and provides secure, quality housing as well as a wide selection of nutritious meals.

**World's Best Coaches.** Our energetic, national and international coaching staff take pride in their work and will be there to celebrate your victories and find the lessons in defeat. Our guest coaches include National Team, Olympic, and professional coaches and players from some of the finest European soccer clubs!

**Challenging Instruction.** Eurotech® believes in developing total performance in players, leaving nothing out. Eurotech® Performance Centers follow a natural progression, preparing players for the next level.

**Competitive Matches.** To compliment the instructional training sessions, players get to show off their new skills in fast-paced tournament matches and challenging competition is guaranteed!

**The Ultimate Challenge.** It's no secret. This program is demanding. All players are challenged at their level and put to the test in daily game situations, small-sided games, intense specialized field sessions and competitive tournament style matches.

Enjoy the brochure and I look forward to seeing you this summer!

Best Wishes,

Jim Risher  
Founder & National Director

# INTERNATIONAL COACHING STAFF

The highlight of our popular camp programs is the Eurotech® Coaching staff. Eurotech® provides every camper the necessary training, positive encouragement, and the discipline that he/she needs to succeed. The camp will be conducted by a Eurotech® Director or Clinician and assisted by international guest coaches from European professional clubs. These technical directors truly love the game and possess the ability to educate, demonstrate, and motivate while providing confidence in every player, maximizing the entire experience. Their impact is everlasting and inspirational. This ensures a consistent philosophy and the highest standards at every camp.

Staff members include collegiate, national and international coaches who are recruited and nationally certified by the United States Soccer Federation (USSF), NSCAA® or through various professional clubs, sports schools and international soccer associations:

- Netherlands** – Koninklijke Nederlandse Voetbalbond (KNVB)
- England** – The Football Association (FA)
- Germany** – Deutscher Fussball-Bund (DFB)
- France** – Federation Francaise de Football
- Italy** – Federazione Italiana Giuoco Calcio
- Denmark** – Dansk Boldspil-Union
- Czech Republic** – Football Association of the Czech Republic
- Canada** – The Canadian Soccer Association
- Scotland** – The Scottish Football Association
- Spain** – Real Federacion Espanola de Futbol
- Wales** – The Football Association of Wales

Eurotech® is the home to the best, most qualified instructors available in the soccer education industry. Their commitment to and desire to share their knowledge provides an unforgettable experience for all campers. The Eurotech® staff is friendly, knowledgeable, inspirational and professional. Let our international team of soccer education experts help you achieve your dreams this summer!

# CAMP STAFF

## ▶▶ 24 Hour Medical Staff

A full-time staff of NATA® Certified Athletic Trainers and Student Athletic Trainers (SAT's) will be on site 24 hours a day monitoring all training sessions, matches, as well as being housed in the same dormitories as the young campers on and off the field. In addition, on-site campus medical staff is always on-call. All facilities are located near modern medical centers. A mandatory Eurotech® Medical Form is required to participate and is provided on the Eurotech® website.. The well-being and safety of all campers is always our first priority.

## ▶▶ 24 Hour Supervision & Security

In addition to full-time coaching and medical staff, a full-time staff of camp counselors will be on site 24 hours a day who provide additional supervision for all campers and act as role models for younger campers on and off the field. On-site campus security guards are always available and provide a safe and secure environment for the entire camp.

*Please see web site for additional staff information.*

A group of young soccer players are celebrating with a trophy. They are wearing red and white Eurotech Soccer Camps gear. The trophy is a large silver cup with a soccer ball on top. The players are cheering and raising their fists. In the background, there is a Coca-Cola logo and a sign that says "EUROTECH SOCCER TOURS".

## ▶▶ CHALLENGE PROGRAM

The popular Challenge Program was created for field players and goalkeepers of all levels and for many campers, this program may be their first formal introduction to a soccer training program. This dynamic program focuses on mastering basic soccer skills through repetition and creative exercises in a fun filled soccer environment. Encouragement, enthusiasm and self confidence are the goals of this program while preparing players for the next step in the Eurotech® Soccer Performance Educational System. With a typical camper to coaching staff ratio of 12:1 or better for field players and 6:1 for goalkeepers, our staff builds fantastic relationships and confidence with all campers.

The core Eurotech® Methodology Training Modules (see page 9) will include SAQ Training, Individual Techniques & Skill Training, Individual Tactics & Small Group Play, Eurotech® Striker School and tournament games in the evening.

**Level:** Beginners to Intermediate  
**Designed for:** Club/Travel Teams  
 Individual Field Players & Goalkeepers  
**Lecture Series:** Goal Setting, Preparing for Competition, Team Building  
**Coed.** Ages 9-10.

## ▶▶ COMPETITIVE PROGRAM

The Competitive Program was designed as the next step in the Eurotech® Soccer Performance Educational System, catering to beginner and intermediate players. What makes this program special is the continuation and building of a strong technical foundation for second or third year campers as well as first timers to the exciting program. Innovative and highly motivational skills training as well as the introduction of small group tactics are the main reason for this program's high success rate. Once again, encouragement, enthusiasm and self confidence are the goals of this program while preparing players to master the ball in every way. With a typical camper to coaching staff ratio of 12:1 or better for field players and 6:1 for goalkeepers, our staff builds fantastic relationships and confidence with all campers.

The core Eurotech® Methodology Training Modules (see page 9) will include SAQ Training, Individual Techniques & Skill Training, Individual Tactics & Small Group Play, Eurotech® Striker School and tournament games in the evening.

**Level:** Beginners to Intermediate  
**Designed for:** Club/Travel Teams  
 Individual Field Players & Goalkeepers  
**Lecture Series:** Goal Setting, Preparing for Competition, Team Building  
**Coed.** Ages 11-12.

### TEACHING GROUP PLACEMENTS

All campers will be divided into the following progressive programs within each group.

## ▶▶ PREMIER PROGRAM

The Premier Program was created solely to develop players in a competitive environment with quality players with a similar level of passion for the game. This tier in the program will allow campers to continue to train and learn more advanced technical skills and more importantly, start to test those skills in more game like situations. Eurotech® coaching staff will provide constant feedback, encouragement and advice as both field players and goalkeepers learn more advanced attacking and defending principles and how they can directly contribute to the game. Group tactical demonstrations and well executed sessions will highlight this program for the intermediate to advanced player. A camper to coaching staff ratio of 16:1 or better for field players and 8:1 for goalkeepers is typical.

The core Eurotech® Methodology Training Modules (see page 9) will include SAQ Training, Individual Techniques & Skill Training, Positional Play & Functional Training, Team Tactics & Pre-Season Training, Eurotech® Striker School and tournament games in the evening.

**Level:** Intermediate to Advanced  
**Designed for:** Club/Travel/High School Teams  
 Individual Field Players & Goalkeepers  
**Lecture Series:** Nutrition, College Preparation, Injury Prevention, Team Building  
**Coed.** Ages 13-14.

## ▶▶ ELITE PROGRAM

The Elite Program was developed with the assumption that you already possess the fundamental technical skills and basic understanding of your position. Technical skills are reviewed in this program but are now executed with a higher level of pace and under game like pressure. The training sequences at this level are usually faster paced and are meant to take the player to the next level of comprehension, understanding and awareness of the technical, tactical and communication skills needed to be an asset to any team. Highly disciplined practice habits are emphasized in all Elite Program sessions. A camper to coaching staff ratio of 16:1 or better for field players and 8:1 for goalkeepers.

The core Eurotech® Methodology Training Modules (see page 9) will include SAQ Training, Individual Techniques & Skill Training, Positional Play & Functional Training, Team Tactics & Pre-Season Training, Eurotech® Striker School and tournament games in the evening.

**Level:** Advanced  
**Designed for:** Club/Travel/High School Teams  
 Individual Field Players & Goalkeepers  
**Lecture Series:** Nutrition, College Preparation, Injury Prevention, Team Building  
**Coed.** 15 & up.

# EUROTECH® METHODOLOGY TRAINING MODULES

## SAQ Training

The SAQ Training Module includes age appropriate Speed, Agility and Quickness training as well as other soccer specific conditioning sessions derived from the latest research and development of modern training with and without the ball. The importance of flexibility, plyometrics, strength and power are also emphasized. Exciting daily circuit stations are set up to create an innovative and creative program that takes place before breakfast!

*Programs offering this training module:*

■ Challenge ■ Competitive ■ Premier ■ Elite

## Individual Techniques & Skill Training

This intense but highly effective daily technical and skill training module teaches ball feeling, turns, changes of direction, moves to beat an opponent, passing, receiving, shooting and "body control" in relation to the ball at an age appropriate pace and with just the right amount of repetition to instill confidence. Goalkeepers will also participate in highly organized skill training and technical work to include catching balls, footwork, tipping, boxing, and parrying and much much more!

*Programs offering this training module:*

■ Challenge ■ Competitive ■ Premier ■ Elite

## Individual Tactics & Small Group Play

The Individual Tactics Training Module emphasizes small group tactics building upon individual defending and attacking principles from 1v1, 1v2, 2v2, 2v3, 3v3, 4v4 and even up to 5v5. This method of breaking down the larger game into smaller, more digestible parts and the progressive nature allow both field players and goalkeepers to build their tactical prowess on a daily basis for optimum results.

*Programs offering this training module:*

■ Challenge ■ Competitive

## Positional Play & Functional Training

This module was created to provide every experienced player depth and real insight into the technical, tactical and intellectual aspects of being a goalkeeper, defender, midfielder or forward. Players are taught by coaches who have played these positions at a very high level and are able to provide instant feedback on the specifics of playing a particular position. Special attention will be paid to make sure that all players understand the defending and attacking skills needed to play in all positions.

*Programs offering this training module:*

■ Premier ■ Elite

## Team Tactics & Pre-Season Training

After players have a basic understanding of Individual Tactics and Positional Play, the emphasis of this module is to improve upon existing styles and systems of play and after careful evaluation, offer recommendations for improvement. This module also allows for customization and a team pre-season "tune-up" covering a variety of topics such as team shape, finishing, set plays, defensive organization, offensive organization, throw-ins, etc. This is the ideal opportunity to work directly with your Eurotech® Staff Coach on a daily basis to address any weaknesses or strengthen other areas of team play.

*Programs offering this training module:*

■ Challenge ■ Competitive ■ Premier ■ Elite

## Striker School

The Striker School module features daily sessions on shooting and finishing techniques and plenty of time for both field players and goalkeepers to benefit from repetition in shooting. This exciting module covers the technical aspects of striking the ball combined with "real life" finishing exercises to allow players to gain confidence in scoring and finishing from any position on the field. Sessions will progress throughout the week and begin with repetitive sessions and build up to crossing and finishing. Goalkeepers take part in all sessions and will be placed with their teams or age appropriate teaching groups.

*Programs offering this training module:*

■ Challenge ■ Competitive ■ Premier ■ Elite

## ▶▶ PROGRAM DESCRIPTION

This is one of the only integrated field player and goalkeeper team programs in the country! This is a crucial component to any coach who is faced with the task of finding one quality training organization to work with both goalkeepers and field players simultaneously. To ensure the high quality of training and competition, each week of camp will typically have 4-6 teams of similar age and ability. At the coach's request, specialized sessions can be created to meet the special needs of your team. The amount of teams allowed per week of camp is dependent on each specific site and our field and bed availability. A Residential team camp week involves approximately 35 instructional sessions, 6-8 competitive matches, small-sided games, optional private instructional sessions, and a wide variety of team bonding activities. For most teams, this powerful combination is the equivalent to a full season!

All teams and small groups are assigned to a Eurotech® staff coach who will work exclusively with you and your team to enforce cohesion and unity while providing guidance throughout the week of training. Goalkeepers attending with teams are automatically enrolled in the Goalkeeper Academy (see page 11) and also train and play with their respective teams during matches and special shooting and finishing sessions. All participants also experience and participate in dynamic sessions with Eurotech® Directors, national and international Eurotech® clinicians and various guest coaches.

## ▶▶ TEAM TESTIMONIALS

*"I was particularly interested in hearing the kids talk about the quality of the coaching and drills. I really thought everyone knew the same drills, but I was wrong. The kids learned new and very specific techniques in the morning that they were able to apply that afternoon on the field. Our kids had a memorable and rewarding week."*

**Jeff Copeskey, Team Manager, University Laboratory High School, Louisiana**

*"Thank you for the wonderful learning experience and training you gave my team... and to all the CSSC players who have had the opportunity to attend Eurotech® camp at and Christchurch. I will always encourage attendance because I know the benefits firsthand. You guys are the greatest!"*

**Nan Beck, Team Manager, Chesapeake Select SC, Virginia**

## ▶▶ PROGRAM DESCRIPTION

The Goalkeeper Academy was specifically designed with goalkeepers in mind. Eurotech® is one of the only national fully integrated field player and goalkeeper programs available. To succeed in the modern game, the goalkeeper must not only have the required technical skill, but also be able to read the game. Goalkeepers are an integral part of the team so shouldn't they practice with the team? This is a crucial component to any coach who is faced with the task of finding one quality camp organization to train both goalkeepers and field players. Our goalkeepers are tested and faced with various technical sessions, shots on goal and experience real game situations involving our field players on a daily basis. Working closely with our goalkeeping staff will ensure constant feedback and evaluation in small teaching groups.

All individual goalkeepers are assigned to an age appropriate team and Eurotech® staff coach who provides guidance and serves as a role model throughout the week of training. Goalkeepers attending with teams are given the same attention and also train and play with their respective teams. Goalkeepers also experience and participate in daily competitive tournament matches as well as dynamic sessions with Eurotech® Directors, national and international Eurotech® clinicians and various guest coaches.

## ▶▶ GOALKEEPER TESTIMONIALS

*"I learned so much at your camp last year. I improved myself and as I finished my Senior year in Varsity soccer, I was named the MVP for my team and All-conference. It was the best year I have ever had and I saw a great deal of self improvement in my skills. The best news is that because of my increased knowledge and skills, I have been drafted by Lake Forest College to be their varsity goalie for the next four years and now have the opportunity of a life long dream—to play at the college level.*

**Kristyne Operzedek, Former Camper & Goalkeeper for Division 3 Lake Forest College, Illinois**

Please see website for more testimonials and pro endorsements.

*"Thank you for helping me and encouraging me to go to the Goalkeeper Academy this summer. It was the greatest experience I've had in my soccer career — the GK coaches helped me a lot. I've learned more in one week than I have over the entire last 2 years!*

**Seraphin Asante, Camper, Florida**

## ▶▶ PROGRAM DESCRIPTION

Eurotech's® action packed Field Player Academy stresses the total integration of technical, tactical and physical development. Designed for individual players not attending with a team, this instructional program refines fundamental technical skills and introduces functional training on the field. It also identifies strengths and weaknesses and encourages creative decision making with limited time and space, while teaching players to redirect their energies to create confidence and success on and off the field. Field players will learn to develop the fundamental skills necessary to play any position on the field from defense, midfield, and to forward. Also emphasized are 1v1 domination, shooting & finishing and small-sided games.

All individual campers are assigned to an age appropriate team and Eurotech® staff coach who provides guidance and serves as a role model throughout the week of training. **Attending individual field players will also experience daily competitive tournament matches as well.** Campers also experience and participate in dynamic sessions with Eurotech® Directors, national and international Eurotech® clinicians and various guest coaches.

## ▶▶▶ FIELD PLAYER TESTIMONIALS

*"I am a former camper that went to Eurotech® soccer last year. The soccer camp was the best thing that I did that summer, it developed my skills so much that I easily made the Junior Varsity starting team as a freshman in high school!"*

Patrick Heer, Camper, Texas

*"This was the best camp we have ever attended. The parents and kids were very impressed with all aspects of Eurotech®. Already, they are asking when are they coming back?" The instructors were true professionals in every sense of the word. They were knowledgeable not only about soccer, but how to TEACH those important soccer skills. The team camps were AWESOME!! The development in one week was incredible!"*

# CAMP LOCATIONS

## ▶▶ First Class Facilities

Eurotech® residential camps are located only at the finest facilities. Our camps are held at some of the finest college and prep school campuses in the country. Each location features outstanding athletic facilities while exposure to a campus setting adds a wonderful cultural dimension and provides secure, quality housing as well as a wide selection of nutritious meals in a cafeteria style setting.

## ▶▶ First and Last Day

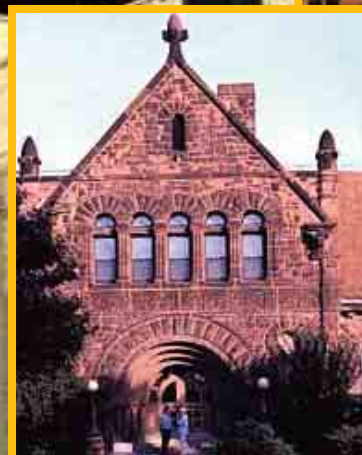

Most residential programs are Sunday through Thursday. Check-in on the first day of camp for all programs is between 1:00-2:30pm. The first meal for residential and extended day campers is dinner on the first day. The last meal is lunch on the last day. Campers are dismissed from the closing ceremony at approximately 4:30pm on the last day of camp.

*"Eurotech® Soccer Academies are outstanding! The program teaches younger players the proper fundamentals and refines skills in older more experienced players."*

**Dez McAleenan, MLS New York Red Bulls Goalkeeper Coach, Former pro player**

*"If you are serious about playing soccer, whether club, high school, or collegiate then you cannot miss the opportunity to attend this camp. Eurotech® will definitely give you the competitive edge!"*

**Charlie Kadupski, President of The Sport Source, Inc., USSF National Coaching Staff and The Editorial Board, Former professional player in the NASL, MISL, and ASL**

## REGISTRATION INFORMATION

### REGISTRATION CONFIRMATION

For express enrollment and confirmation, register by calling today! In all cases, after your application is received and processed by Eurotech®, you will receive a confirmation acceptance via email. If you wish to register by mail or fax, please complete the application form and return to the Eurotech® National Office. Our online secure viewer protects your information and expedites your registration process. If your desired camp is sold out, we will inform you as quickly as possible and return any monies paid.

### FAMILY & MULTIPLE WEEK DISCOUNTS

Camper from the same immediate family will receive a family discount of \$50 for each additional sibling. Many campers express interest in attending two or more sessions during the summer. If you wish to attend any two weeks, you may deduct \$50 from the second week you are attending. Campers cannot combine discounts!

### CLUB & TEAM DISCOUNTS

Eurotech® is America's #1 Team Training Camp and works with more clubs and teams than any other organization! There must be at least 10 campers in the group and all registrations must be received through our online registration system to receive group rates. The group of ten can consist of any age group combination and be made up of both goalkeepers and field players.

### REGISTERING A TEAM

A minimum of 10 players is required and the coach always attends FREE! Provided with room & board, the guest coach will work with his/her team trainer and have the opportunity to observe all Eurotech® Coaching Staff at work. NO DEPOSIT is needed although a Team Reservation Form is required to reserve space for a team. This form can be found on our website. Teams who reserve space prior to June 1, 2010 will avoid additional registration fees. Call for details!

### CAMP FUNDRAISING & SCHOLARSHIPS

Eurotech® has created a unique partnership with My Sports Dreams Fundraising, which provides all campers the opportunity to attend camp for FREE in 2010! Scholarships are also available for teams who register 15 or more students. Please call 1-800-679-9830 and speak to a Eurotech® representative for additional information on these exciting programs!

### PAYMENT POLICY

Full tuition or \$250 deposit is due with fully completed application. Campers will not be permitted to check-in on the first day of camp unless full payment has been received and processed by Eurotech®. Registration payments may be made by personal check, money order, MasterCard, Visa or Discover. Payment plans are available through our online registration system. Additional payment plans are also available by calling the Eurotech® National Office at 1-800-679-9830.

### REGISTRATIONS BEFORE JUNE 1, 2010

A deposit of \$250 and optional Camp Refund Insurance is required on registrations made before June 1, 2010. Your final payment and all unpaid balances are due by June 1, 2010. Unpaid balances by June 1, 2010 will result in reservation cancellation and forfeiture of all monies paid.

### REGISTRATIONS AFTER JUNE 1, 2010

Full payment of tuition and an additional registration fee of \$25 is required after June 1, 2010. Registrations made within 14 days prior to the start of camp must be paid by credit card or money order.

### CAMP REFUND INSURANCE - PEACE OF MIND

Eurotech® offers Camp Refund Insurance for a non-refundable fee of \$25 per session enrolled, due at time of registration. Should you cancel for any reason AFTER June 1, 2010, Camp Refund Insurance entitles you to a full refund of tuition paid minus a \$50 Processing Fee.

### CANCELLATION POLICY

Should you cancel for any reason BEFORE June 1, 2010, you will receive a full camp refund minus a \$50 Processing Fee. Cancellations made AFTER June 1, 2010 will result in a credit for all camp tuition payments, less a \$50 processing fee, valid through 2011. After June 1, 2010, full refunds will be given ONLY with the purchase of Camp Refund Insurance (see above). Camp Credits are only valid for one year. No refunds or credits will be given for voluntary withdrawal, no shows, or expulsions from camp. Cancellations must be received in writing by mail, fax or email no later than 14 days prior to the start of camp. All refunds/credits will be processed by September 1, 2010.

### MEDICAL DEPARTURE POLICY

If it is determined by the on-site NATA Certified Athletic Trainer(s) that the camper will not be able to continue training due to a medical reason, then the camper will need to be picked up from camp and the portion of time missed will be issued as a Prorated Credit to attend a Eurotech® Camp in 2011.

### EARLY DEPARTURE & NO SHOW POLICY

Eurotech® will make every effort to have each camper experience playing in the most competitive environment possible. Our professional staff has vast experience evaluating playing ability and creating teaching groups based on age, size, talent and safety concerns. Eurotech® cannot, from week to week, location to location, predetermine the soccer playing abilities of those campers who enroll in each session. Requests for refunds based upon the subjective evaluation of the skill of other campers will not be entertained. Campers who do not check-in and attend their registered camp session will receive NO refunds or credits and forfeit all camp fees paid.

### TRANSFER POLICY

Transfer of tuition to another camp or to another individual is permitted pending approval by the Eurotech® National Office and space availability. Transfers are only valid for the year in which application is received and are transferable to family members or friends.

### CANCELLED CAMP SESSIONS

In the unlikely event that Eurotech® Soccer Academy cancels your camp session, we will provide a full refund of camp registration fees paid or gladly transfer you to another site at the team rate. Camper waives any and all damages that may otherwise arise out of the camp cancellation and agrees to accept as liquidated damages said registration fees.

### AIR TRAVEL INFORMATION

Because many of our campers travel by airlines, we recommend you call your local travel agent or Expedia.com at 1-800-397-3342 or 404-728-8787 and ask for "New Reservations". Expedia.com is the Official Travel Agency for Eurotech® Soccer Academy, as well as many other national sports organizations. It is the responsibility of the camper to make all travel plans and forward any flight itineraries to the Eurotech® National Office if a shuttle is required (see "Shuttle Service" below for more information). Campers may only arrive on the first day of camp and will be required to depart on the last day of camp.

### SHUTTLE SERVICE

Eurotech® also offers a shuttle service to campers and teams who arrive via air, bus or train. Eurotech® will provide round trip shuttle service for a \$50 Service Fee. This fee must be paid in full by all campers at the time of registration and all travel itineraries must be submitted to Eurotech® two weeks prior to the start date of camp regardless of where travel arrangements are booked. If travel itinerary and fees are not received by Eurotech®, the camper will not be added to the official camp pickup schedule.
